## **HUMAN FROM DAY ONE:**

We exist to encourage factual sharing of information to positively impact public perception of what it means to be Human and to instill a desire of the general public to protect Human life. Believe that encouraging positive and open communication is the key to respecting each other's point of view. Understanding the science gives you the facts you need to make healthy decisions. We're here to help you navigate the path to meaningful thought, discovery, and decision making through scientific exploration. This mission can't exist without you. We need you to positively impact the future of Human Race. Your children, grandchildren, and all future generations are depending on you to take action.

## **HUMAN FROM DAY ONE IS POWERED BY WE TEACH THINK:**
